Meet us at **Duffy on the 7ᵗʰ floor** and discover how **Visionet** can transform your business.

Faster & Compliant Secondary Market Transactions with Visionet

In today's fast-paced economy, it is essential to ensure that the loans in the Mortgage Secondary market are of high quality. Visionet offers third-party review solutions that elevate due diligence and mitigate risks.

With over 100K person-years of experience in business transformation services, Visionet is uniquely positioned to provide intelligent automation solutions that boost efficiency and enhance business outcomes in the secondary markets. Our team of 400+ due diligence experts with deep domain expertise provides you with reviews and reports that are intelligent, impartial, and prompt. We also have affiliations with leading rating agencies such as Fitch Ratings, DBRS and KBRA to assign and monitor ratings with transparency and objectivity.

Our Secondary Market Solutions Include:

- ☑ Compliance, Credit & Collateral Review
- ☑ Data Integrity Services
- ☑ Valuation Services
- ☑ Trailing Document Services
- ☑ MSR Acquisitions and Servicing

Streamline Document Processing with DocVu.AI

Processing and validating documents is crucial to the success of underwriting, valuation, and MSR bulk transfers in the secondary market. Our proprietary Intelligent Document Processing (IDP) technology, DocVu.AI, uses Computer Vision, AI/ML, NLP, and related technologies to classify, index, and extract data from loan documents.

DocVu.AI has a pre-configured mortgage library with over 2000 fields across 2000+ mortgage documents, and its pre-trained AI/ML models provide data extraction accuracy of over 99.5%.
